3. A maximum of two adults will be admitted per space. Any helper must enter along with the vehicle containing selling merchandise.
4. All dealings conducted by sellers and their helpers must be performed so as not to infringe upon the rights of, or offend, the other sellers and visitors to the event. Should the seller desire to pass out printed material, or other articles, this must take place only from the assigned space subject to prior management approval. No manner of attracting attention in a noisy or an undignified manner will be permitted. No loud music or amplified voice equipment or systems are permitted.
5. The producer retains the rights to restrict, exclude, or evict sellers or exhibits which, because of their method of operation, noise, or other features become objectionable, or which, in the opinion of the producer, may detract from the general character of the event, as a whole. This includes persons, things, printed matter, or anything else the producer judges to be objectionable. If the above-mentioned action becomes necessary, the producer may retain the rent paid as liquidated damages for breach of this agreement.
6. Information must be presented to the manager of the event or appropriate law enforcement authorities.
7. The management reserves the right to reasonably refuse service and/or booth rental to anyone, or to require any vendor to leave.
8. All sellers setting up a canopy in a space must have it properly constructed and anchored. The management shall not be responsible or liable for a seller's use of a canopy or its construction. Each seller shall hold the management harmless from, and indemnify the management against, any injury or property damage that may occur due to the use of a canopy. If a seller erects a canopy, the management reserves the right to require the seller to take it down at any time, due to windy conditions. However, the management will not be liable for this decision. The management will not give refunds, if it requires the removal of canopies. Sellers are not to make any holes in the selling or parking area surfaces. Canopies must be erected within boundaries of the booth and no overhang outside these boundaries will be allowed. Any tent or canopy which can hold more than ten people must have a State Fire Marshall tag indicating that it is flame retardant.
